Cleaning and maintenance:

No special maintenance with Vawa!

Do not clean it with rough surface, abrasive cleaner because of possible scratches. Beware of products containing organic solvents. They may erode the surface. By possible soiling it is enough to clean the surface with a wet cloth, you can add a few drops of mild detergent and dry it by circular motions.

If not water, what helps then?

Get inspired by recipes for homemade cleaners. They are friendly to your health, your wallet and they also protect the environment.

Gentle cleaning

Mix 1 cup of water with 3 tablespoons of vinegar. Sink a clean towel to it, squeeze the water and wipe the wood properly by circular motions.

Removing scratches

If there are any minor scratches, just mix ½ cup of vinegar with ½ cup of olive oil and your Vawa will look almost like a new one.

Resurface

We recommend to use a cleaner for which you need ¼ cup of fresh lemon juice, 1/8 cup of distilled white vinegar and 1/8 cup of flaxseed oil. Mix all the ingredients thoroughly and apply it with a dry cloth to the surface. After a few cleanings you will see the returned vitality of your Vawa board.

How to deal with excessive dirt and damage?

Apart from cleaning the product needs adequate protection and recovery. If the balance board is too blotchy or there are grooves in it, it is important to grind and reimpregnate the damaged

areas with the wax stain. We'll be happy to assist you by these severe damages. Do not hesitate to contact us with any questions.
